

CENMED PROVIDES CHEMICALS SWIFTLY

The New York City Office of Chief Medical Examiner looks to source items for their forensic units.

DEPARTMENT DETAILS

The New York City Office of Chief Medical Examiner (OCME) conducts independent investigations using advanced forensic science in the service of families, communities, and the criminal justice system. OCME is the largest medical examiner's office in the country.

Industry: City Government

Company Size: ~600 employees including 22 coroners

Location: The City of New York including the four boroughs of Manhattan

NYC Office of Chief Medical Examiner

CHALLENGE:

Looking for local resources who could supply the OCME Laboratories with supplies and chemicals within a timely manner and at low cost.

GOAL:

To source chemicals and laboratory supplies quickly, including proper handling of hazardous materials.

SOLUTION:

Cenmed offered a comprehensive solution, shipping supplies fast - mostly next-day delivery. Inventory is stored at Cenmed's warehouse instead of OCME worrying about storage. Cenmed manages all chemical inventory with expiration and lot numbers.
